**THIS IS THE SECOND OF TWO
ARTICLES DEALING WITH PRES.
KENNEDY'S APPOINTMENTS UP TO
APRIL 1, 1961.**

By Sam Crockett

U.S. MISSION TO THE U.N.

Under Adlai Stevenson at the U.N. is Eleanor Roosevelt, a U.S. representative to the U.N. She is and always has been Stevenson's top supporter, is a founder and honorary chairman of the ADA. She has intervened in the Alger Hiss Case, the Welwel Warzower Case, the Raissa Irene Berkman (Mrs. Earl Browder) Case, and the Hanns Eisler Case. All were Soviet agents. Her Communist-front record of 88 citations and 42 radical affiliations are cited in "Eleanor's Red Record," and News for Action, May 1960.

Stevenson's aide and deputy of ambassadorial rank at the U.N. is Francis T. P. Plimpton, a long-time friend and associate, and a Harvard Law man. He is a very early New Dealer (general solicitor Reconstruction Finance Corporation) whose career suggests Frankfurter influence. He has been a member of the faculty of the very red New School for Social Research, a recorder of the equally red Union Theological Seminary, member of the radical Church Peace Union, a director of the Communist-infiltrated Foreign Policy Association, associated with the Communist-espionage-front Institute of Pacific Relations, a member of the supra-governmental and internationalist Council on Foreign Relations, and of 24 other organizations or institutions. (Who's Who in America, 1942-43). He was a director of the Communist-front, Open Road (Appendix 9, p.477).

Stevenson's ministerial aides include Chas. P. Noyes (Yale Law), as counselor of the U.N. Delegation. Noyes was a consultant to the Rockefeller Brothers Fund from 1953-61 and previously (1941) was on the legal staff of the Lend-Lease Administration and an adviser to the U.S. mission to the U.N. staff, 1945-51. In Chicago he practiced law, often working in Stevenson's law firm. Another aide is Jonathan Brewster Bingham, past editor of the Yale Law Review, secretary to N.Y. Governor Averill Harriman (1955-8), former N.Y. state chairman of the ADA, and an early (1936) Yale supporter of Roosevelt! He is married to ADA Communist-fronter Herbert Lehman's grandniece, June Rossbach ☆, a psychiatric expert and co-writer with Dr. Fritz Redlich of "The Inside Story." Her biography of the notorious Communist-fronter Reinhold Niebuhr is to be published by Scribners in 1961.

HARVARD FRESHMAN RED BOOK 1943

Seated left to right: Hunt, Pekowsky, Schlefer, Yamolinsky, Mass, Susskin, Davis.

Standing: Gittler, Benson, R., Freedman, Sadove, Solomon, Levenson Linenthal.

ROBERT S. BENJAMIN ☆, chairman of the board of United Artists, reddest of the motion picture companies in terms of its releases, is the new national chairman of the U.S. Committee for the U.N.

The most significant appointment of a U.S. representative to the U.N. Council is that of **PHILIP M. KLUTZNICK** ☆, an official Kennedy supporter who started out in the Justice Dept. in 1935 and by 1944 became the Commissioner of the Federal Public Housing Authority. He was a U.N. representative in 1957. During his nomination hearing (1/31/61) before the Senate Foreign Relations Committee, he stated he was a member of the commission on money and credit set up by the Ford Foundation and of the Committee for Economic Development, that he had served as international president of the B'nai B'rith ADL for 6 years and is its honorary president for life, that he has been national chairman of the United Jewish Appeal, and a delegate to the World Jewish Congress meetings. He was chairman of the group of Jewish leaders which tried to arrange a private meeting with Premier Khrushchev and is "a power behind the scenes in the Democratic Party in the Midwest."

ABRAM CHAYES, is the new legal adviser to the State Dept. and is therefore a man who wields tremendous influence in the political area most likely to affect the lives of every American: foreign affairs. From 1951-52 he was law clerk to Felix

Frankfurter. By 1958 he was a Harvard professor. On the question of the Connally Amendment (limiting the power of the World Court over the affairs of the United States), he stated he "firmly" supported its repeal. When it was pointed out to him that Communist-fronter Phil Jessup was the American World Court judge, that the Soviet Union and Poland—even though sitting on the court—refuse utterly to submit to its jurisdiction, that only 3 small countries had agreed to submit to it, he still insisted we should submit to it in accordance with "our announced objective to further the rule of law in the world." After confirmation Chayes appeared with George Ball before the same committee (Feb. 14, 15, 1961) for the hearings on the Organization for Economic Cooperation and Development treaty, the most dangerous instrument ever planned for the destruction of liberty within these United States. Chayes, Ball and Dillon fought as a team for ratification of the treaty.

ELIZABETH R. SMITH daughter of Clarence M. Rudel, president of the munitions firm of Canadian Vickers, is the new Treasurer of the U.S. She is also a past strong Stevenson campaigner.

FRANK M. COFFIN (Harvard Law and Business Schools). Manager of the Development Loan Fund, helped establish the same agency in 1957; with Brooks Hays brought about the formation of the U.S.-Canadian

Interparliamentary Committee, a part of the training apparatus for the future world government; and is an expert on the European Common Market, an economic organ for the world state in preparation.

PROF. ARCHIBALD COX was an organizer of the educators in behalf of Kennedy's presidential aspirations, and the coordinator of the Harvard Group brain trust. He advised Kennedy from 1958 on, and has been rewarded with the position of Solicitor General. He is the labor law expert from Harvard Law School.

ROBERT C. WEAVER, Negro, was national chairman of the Communist-fronting infiltrated NAACP, just prior to his appointment as Federal Housing and Home Finance Administrator. A Harvard man, he was a member of FDR's New Deal Black "Kitchen Cabinet." His communist-front record includes endorsement of a program by the Council on African Affairs ("New Africa," Oct. 1945); membership in the executive committee of the National Citizens Political Action Committee (Appendix 9, page 263 official list, August 28, 1944); leadership in a discussion at the 2nd National Negro Congress, Oct. 1937 (Appendix 9, p.1280); signing of a letter endorsing the Negro People's Committee to Aid Spanish Democracy (Daily Worker, 2/8/39, p.2; Appendix 9, p.1347); contribution of \$5 in 1940 to "Social Work Today," Jan. 1941 issue, pp. 16-18 (Appendix 9, p.1783); sponsorship of a Testimonial Dinner in Honor of Ferdinand C. Smith (program, Sept. 20, 1944); and affiliation with the Washington Book Shop 1941 (Special Comm. on Un-American Activities hearings, Vol. 17, 1944, p.10347). See Georgia Commission on Education Vol. 2, "Communism and the NAACP," pp.96-97, for entire record cited above. Weaver started his career in 1933 as an aide to Interior Secretary Harold Ickes, a violent partisan of the New Deal revolution, and continued in the WPA, the WPB and the WPC, New Deal alphabet agencies. He was the most powerful Negro in the Federal government by 1944. He later was State Rent Administrator under Harriman in New York State. He has been a "civil rights" crusader for three decades and is a close friend to identified Communist Ralph Bunche, another Harvard man who is slated for a top post in the Kennedy administration. (Congressional Record, 1/6/61, pp.267-8). Opposition to Weaver's appointment was so intense that Kennedy was forced to place his personal imprimatur on the appointment via a signed letter. Kennedy stated he had "evaluated" the F.B.I. record on Weaver and still would recommend him. The wording of his response suggests that that report would include much more than a few front listings. This appointment was an absolutely disgraceful action on the part of Kennedy. Weaver testified that he "didn't know" the organizations he joined were Communist-fronts. He was under oath!

Under Weaver, as Deputy Adviser of the HHFA is **Walter P. Reuther's** ex-administrative assistant, **Jack T. Conway**. **W. Alanson Willcox**, new General Counsel of the Department of Health, Education and Welfare, has served in the government from 1934 to date, as general counsel of Treasury, of Federal Security Agency, etc., and of course is a Harvard man.

ELVIS J. STAHR, JR., Secretary of the Army, is a Rhodes Scholar.

ROGER W. TUBBY, Truman's press secretary and assistant, 1950-52, is the Assistant Secretary of State for Public Affairs and was an assistant to Stevenson in 1956.

WILLIAM H. ORRICK, JR., brother of Andrew Orrick, acting chairman of the SEC under Eisenhower, is the Assistant Attorney General (Civil Rights) and was a leader in Stevenson's campaign in 1956.

Our Country in Distress!

JOHN BAILEY, Democratic National Chairman (not an appointment) is a Harvard Law man, worked for Kennedy for 4 years, and is a Ribicoff protege.

CARL ROMAN, Negro, race relations writer is Roger Tubby's deputy in State.

HARLAN CLEVELAND, publisher of "The Reporter" edited by Communist-fronter Max Ascoli, is the Assistant Secretary of State for International Organization Affairs (US-UN liaison). He is a Rhodes Scholar, served (since 1940) in the FEA, ECA, MSA, etc.

The new Commissioner of Internal Revenue, **MORTIMER CAPLIN**, of the University of Virginia Law School, owes his appointment to the fact that he taught law to Robert Kennedy, and that he is an ex-member of Paul, Weiss, Rifkind, Wharton and Garrison.

GEORGE F. KENNAN is the new Ambassador to Yugoslavia. He originated the "containment policy" towards communism which became official U.S. policy and which presumed that U.S.-Soviet relations could be based on the peaceful co-existence theme (now official Soviet policy—for the time being). Kennan was Ambassador to the USSR in 1952 and had previously served as director of the State Department's Policy Planning Staff and as counselor from 1947-50. In 1953 he joined the Institute for Advanced Study in Princeton, N.J., and became a professor there. He also lectures at Oxford University, and taught at Yale in 1960. See "Dr. Oppenheimer's Institute" by Karl Hess (American Mercury, July 1956) for a good study of the Institute for Advanced Study and its major figures, **Albert Einstein**, top policy Communist, and **J.R. Oppenheimer**, identified as a Communist and as a Soviet agent in the 1954 examination by the Personnel Security Board of Oppenheimer's activities as an atomic scientist. Kennan is a member of the Council on Foreign Relations and past president of the East European Fund of the Ford Foundation and attended the 1957 Bilderberg Conference.

CLARENCE D. MARTIN, JR., (Harvard) is Under Secretary of Commerce for Transportation.

CHARLES E. BOHLEN, a special adviser on Soviet affairs to the Secretary of State, once faced a bitter battle against his appointment as Ambassador to the Soviet Union based on his pro-Soviet attitude and activities.

JOHN KENNETH GALBRAITH, Ambassador to India, was a key member of the Harvard Group, a backer of Stevenson in 1952-56, a professor of economics at Harvard and an "egghead socialist" (N.Y. Times, 2/25/61, p.2, col. 2). He was a member of

the key communist-front, the National Citizens Political Action Committee (when he was with Fortune magazine) (Appendix IX, p. 264). "Dr. Galbraith on May 31, 1943, resigned his post as deputy OPA administrator, after he was accused, before a Congressional investigating committee, of being a radical theorist whose policies were seriously hurting business". (Appendix IX, page 1624.) His article, "Benefits of General Disarmament," was featured in the official Soviet magazine, New Times, published by TRUD weekly in nine languages from Moscow (No. 51, Dec. 1959, pp. 14-16.) "Thus the prestige of Harvard is invoked once again to aid communism" and Galbraith has graduated as a "favorite of the Kremlin." ("Keynes at Harvard," Veritas Foundation, N.Y. 1960, p. 39.) This Fabian Socialist has boldly spoken out for Castro and during his nomination hearing stated that U.S. recognition of Red China and its admission to the U.N. were necessary to bring peace to Asia.

RICHARD M. SCAMMON, director of the Census Bureau (now used as a snooping organ for the government) was the senior consultant to Louis Harris and Associates in N.Y., the organization which conducted all of the secret polls for Kennedy and which used very questionable techniques of gathering information in the process. He was governmental host to a group of Soviet citizens (spies) observing U.S. elections and himself went to the USSR in 1958 to observe Soviet "elections." He attended the Fabian Socialist London School of Economics.

The Administrator of the Farmers Home Administration is **HOWARD BERTSCH**, a past employee of the Department of Agriculture and a Ford Foundation adviser to the Government of Iran for 7 years.

BROOKS HAYS (of the socialistic TVA) is the Asst. Secy. of State for Congressional Relations. He was an official of the Communist-front Southern Conference for Human Welfare in 1938 (Appendix IV, p. 1584). He attended the 1957 Bilderberg Conference.

Another participant in the Conference was Rhodes Scholar **GEORGE C. MCGHEE**, counselor for the State Department.

PHILIP H. COOMBS, new Asst. Secy. of State for Educational and Cultural Affairs (a new post) was the program director for education in the Ford Foundation and the Secretary of the Ford Fund for Advancement of Education.

NEWTON N. MINOW, an ex-law partner of Stevenson's, is the new FCC chairman.

DEAN ACHESON, of whom volumes have been written as to his pro-Soviet activities in the State Dept. and in other departments, his friendship with Alger Hiss, his membership in the Council on Foreign Relations, his role in the sellout of China and the firing of Douglas MacArthur, has been appointed head of the US Advisory Group on NATO. He was the private secretary to **Louis Brandeis**, studied under **Felix Frankfurter**, at Harvard and became his protege for a post in the Treasury Department in the early New Deal era. He was sponsored by Sen. Millard Tydings, deceased son-in-law of the pro-Soviet **Joseph E. Davies**, and has represented Red Poland as a lawyer (**Donald Hiss** was his law partner, brother to Alger). He persistently protected and elevated Soviet espionage agents to positions of importance within the government and is probably one of the all-time greatest subverters ever to have been in a position of importance in the United States.

EDWARD R. MURROW, director of the United States Information Agency, has been associated with the socialist Liberal Party in New York, has been an assistant director of the Institute of International Education (financed by the Carnegie and Rockefeller Foundation) in 1932-35; is a member of the Council on Foreign Relations and of the Woodrow Wilson Foundation. He has been a master of twisted propaganda in be-

half of Communists and against such persons as Senator McCarthy. His special assistant is Thomas C. Sorenson.

THOMAS K. FINLETTER, the U.S. Ambassador to NATO and the OECD, is a member of the Herbert Lehman-Eleanor Roosevelt reform movement in New York, served as Secretary of the Air Force under Truman, backed Stevenson for the presidency in 1960, is and has been on the national board of the ADA for over ten years.

The Associate Director of Harvard's Center for Far Eastern Affairs is **PROFESSOR EDWIN O. REISCHAUER**, a man who is cited repeatedly in the Senate Internal Security Subcommittee's hearings on the Communist-espionage-front Institute for Pacific Relations for his activities and membership in that organization (1944-48), writings in its *Far Eastern Survey*, association with leading Communists within the IPR, and pressure on the State Dept. and in his writings for the furtherance of Red Chinese objectives. He is the new Ambassador to Japan.

WILLIAM ATTWOOD, new Ambassador to Guinea, traveled around the world with Stevenson in 1955, reporting on his activities, wrote speeches for Kennedy in 1960, wrote scurrilous smear articles against the South in *Look* magazine.

STANLEY SURREY, a Harvard Law tax expert, is an assistant Secretary of Treasury.

ADRIAN S. FISHER, ex-legal adviser to the State Department, is a deputy to McCloy, and has just left his position as vp and counsel of the very red *Washington Post* and *Times Herald*.

WILLIAM LUCIUS CARY, chairman of the SEC, is a Columbia Law professor and attended Harvard Business School and lectured there in 1945. He was recruiter for the Volunteers for Stevenson in 1952. He was counsel for the red-infiltrated Coordinator of Latin American Affairs office in the early 40's.

ARTHUR H. DEAN attended the 1957 Bilderberg Conference and is an ex-law partner to John Foster Dulles (Sullivan and Cromwell). He is to be the main negotiator for the U.S. at the nuclear discussions at Geneva. Dean was heaviest financial backer of Institute of Pacific Relations, and in 1946 was Vice Chairman. He was a close friend of Frederick Field, communist, also Philip Jessup, Alger Hiss and Owen Lattimore. He later was Chairman of American Council of I.P.R.

JOHN HAY WHITNEY (Oxford) is the chairman of the U.S. delegation on the West Indies defense areas.

BENJAMIN MAYS (Negro) has been nominated to be a member of the Federal Civil Rights Commission. He is a member of the board of directors of the NAACP and has a Communist-front record of thirty-one citations, too extensive to quote here, some of recent date. (See Georgia Comm. of Education's "Communism and the NAACP," Vol. 2, pp. 65-6.)

RALPH PAIEWONSKY, Governor of the Virgin Islands, owns half of the islands and controls the Island's liquor business.

JAMES J. REYNOLDS, brother of the Communist-fronter *Question Reynolds*, is an Assistant Secretary of Labor and was with the very red NLRB under Truman, 1946-52.

EDWYN SILBERLING, is the chief of Justice Department's anti-racketeering division (Harvard Law).

ADAM YAMOLINSKI, (Harvard) is Asst. Secretary of Defense in charge of personnel. Another Assistant Secretary (Controller) is **CHARLES J. HITCH** (Harvard and Rhodes Scholar), whose Harvard University Press book, 1960, "The Economics of Defense in the Nuclear Age" is the "Bible" of the Pentagon.

EDWARD GUDEMAN, of the Chicago Executive Board of the ADL (ADL Bulletin, Jan. 1961, p. 8) is Under Secretary of Commerce. He is a Harvard man and has been associated with Lehman Brothers.

APPOINTMENT SCOREBOARD

The major appointments made by Pres. Kennedy in the period covered by this listing (which is incomplete) reflects a very clear pattern which is of interest as an indication of what kind of men are now in tight control of our Government.

The following classification in some instances are overlapping:

Jews	54
Stevenson law partners	8
Stevenson associates, supporters	23
Rhodes Scholars	9
Oxford Graduates or teachers	4
Harvard grads, teachers, officers	49
Bilderberg Conference members	8
Frankfurter proteges	12
Council on Foreign Relations	27
Negroes	8

Catholics and Southerners are conspicuous by their almost complete absence from the appointee lists.

Anyone who examines the foregoing list of appointments and presumes for an instant that they are not participants in a conspiracy with full knowledge, consent and backing of Jack Kennedy—which is directed towards bringing about the ultimate complete socialization and enslavement of this Nation, is still asleep.

Keep in mind this article makes no reference to several thousand employees who are placed in government by these heads of department as was done under F.D.R. and by Anna Rosenberg.

Straight Talk

By Tom Anderson, Editor,
FARM and RANCH, Nashville, Tenn.

"Well, what're you going to be against this month?" my friend inquired. "I'll bet you couldn't possibly come up with another page telling what you're for."

As the fellow who had to ride with his mother-in-law at his wife's funeral said to the undertaker: "I'll do it, but it's going to ruin my whole day."

I'm for "urban renewal" for all cities who want to pay all the cost themselves. For Harry Truman for a psychiatrist's couch. For ridiculing beatniks—phonies who make a fad out of failure. For getting out of the U.N. and getting into a world organization composed only of those nations who believe in and practice the freedom and dignity of the individual. For encouraging those who would "rather crawl on their knees to Moscow than to die under an atom bomb" to start crawling, and good riddance. For remembering the Cold War abroad and the Cold War at home are directly related; and that we cannot possibly win the Cold War at home; that although Moscow could possibly destroy us, Washington is more likely to.

Stop Stealing From Children

I'm for beginning, now, regular payments on the national debt, which is the largest any nation has ever known. For paying it off ourselves rather than stealing from our children's children.

I'm for allowing gangsters arrested while in peaceful, private assembly like those in Appalachia, N.Y., the same Constitutional-immunities as are granted our Communist citizen criminals. The gangsters were arrested and jailed on mere suspicion, with no evidence that they were planning a job bigger than a bridge tournament or course in flower arranging. Yet other known criminals, Communists dedicated to the overthrow of our country, are **untouchable!** If touched, our touched Supreme Court turns 'em loose.

I'm for replacing politicians who vote for whatever their constituents want, right or wrong, with voting machines. This would be a real economy. And in many cases the voting machine would give us better representation. For publishing, periodically, the salaries and expense accounts of public employees. For preventing public employees from spending any government time, money or equipment in any political campaign. For restricting political contributions to **individuals**—no corporations, co-ops, or unions.

Defining "New Frontier"

For making radio and TV stations who're still fighting Nazism and Fascism give "equal time" to fighting the "New Frontier"—Socialism-Communism. For making display of the hammer and sickle an equal crime with display of the swastika. For according Fascists equal "human rights" with Communists. For revival of the old slogan: "Buy American." And for adding: "Be American, Think American, Act American." For revising Hull's outdated Reciprocal Trade Agreements to make our foreign trade really reciprocal. For trading to win, not to lose. For changing government policies which have ruined or are ruining our watch, coal, textile, glass, cutlery, steel, chinaware (87% of the chinaware bought in the U.S. last year was produced by foreign countries) and many other industries. I'm for halting the flight of American investment capital from this country by offering more freedom and a better deal at home. We've given two million jobs to foreign friends and enemies with the \$21 billion we've put into foreign factories since 1945. I'm for "free trade" with the world, just as soon as we regain our freedoms at home—ending union more pay-less work

racketeering, confiscatory taxation and federal strangulation of free enterprise."

I'm for a notation on each of Drew Pearson's columns showing what he scored on the lie detector test for that day's column. I'm for the right to be prejudiced. People are individuals endowed with God-given freedom to arrive at different conclusions and prejudices from whatever facts they want to explore. Or to say, like the dear old lady: "Don't confuse me with the facts, my mind is made up."

Before Any Summit

Before having any Summit—two-man or 20-man—I'm for making the Kremlin prove its claim to wanting peace by doing these things:

(1) Lift the iron curtain to let everybody out who wants out. Freedom to leave is the essence of democracy. Any country that does not allow its citizens to leave is a slave state.

(2) Agree to free elections in all the satellite countries.

(3) Allow East Germany and West Germany to vote on reunification.

(4) Withdraw Chinese Communist troops from North Korea and agree to free elections and unification.

(5) Free all enslaved states: free elections, freedom of religion, assembly, press.

I'm for killing foreign aid to all enemies like Tito and Gomulka; and to all "neutrals" like Nehru, unless the United States gets strategic materials, war bases or other concrete "value received." For severing diplomatic relations with all Communist governments.

For the original Bricker Amendment, outlawing secret, unconstitutional Presidential treaties not ratified by Congress. For ending all federal aid to education. For vesting strict control and support of the schools in state and local governments. For schools which invest in teachers instead of elevators and gymnasiums. For schools which educate not society but individuals. For the right of states to give the pro rata cost of tuition to the school chosen by each child's parent: private, public, segregated, integrated, Catholic, Protestant, Jewish. I'm for freedom of choice.

ARE YOU FOR AMERICA FIRST OR AMERICA LAST?

It is a little late to decide, however, many need to think seriously and quickly.

Those who want to be for America First had better do something to preserve American Freedom.
